

Hiking

One of the most recommended ways to experience the Jurapark Aargau's natural beauty is on foot. Find some of the most magnificent hiking trails below. However, there are many more to discover.

Scenic Hike "Burgflue" D4

This scenic hike leads from the Salhöhe to Wittnau. The hike takes you past the "Burgflue" viewpoint, where a nice fireplace invites you to spend your lunchtime. Then you descend the "Juratritt", a staircase with over 100 steps, down to Wittnau. Hiking trail signs • 7 km • approx. 2 hrs

Fricktal Panoramic Trail A2/F2

The Fricktal Panoramic Trail stretches 60 kilometres from the beautiful historic centre of Rheinfelden over the Tabular Jura and the wild Tiersteinberg mountain past viewpoints and orchid-rich pine forests to the Mettau valley. We recommend hiking the trail in stages. Blue signs "Fricktaler Höhenweg" - 60 km • approx. 14 hrs

Sculpture Path F5

Incredible views and unrivalled sculptures by various artists embedded in the landscape of the Jurapark Aargau – the Sculpture Path is an experience for art lovers as well as for those who are looking for a relaxing stroll through the forest. Hiking trail signs • 1 km • 30 mins

Historical circular trail F4

This circular trail traces three historical routes, originally designed to work the vineyards, pastures and forests around Schinznach. White signs • 3.5 km • approx. 2 hrs

"Chriesiwäg" Cherry Trail D3

The Cherry Trail ("Chriesiwäg") leads through the beautiful landscape of the Fricktal Valley and provides information about cherry growing. Brown signs with cherry images • 5 km • approx. 2 hrs

Perimuk Trails

Perimuk Trails are hiking routes especially designed for children. Join Perimuk on his adventures and help him solve tricky quizzes along the way. There are Perimuk Trails in Herznach, Wölflinswil, Biberstein and Cheisacher. The quizzes are only available in German. Hence, we recommend using an app to translate or alternatively walking the trails without solving the quizzes. The trails are not signposted, just follow the map on www.perimuk.ch or use the photo map available at the start of the trail.

Raftmen's Trail E2/G3

Hike the same route once taken by timber raftsmen and their return journey from rafting downstream. The almost 20 km route is signposted throughout, provides astonishing information about the former timber rafting and leads through a gorgeous landscape. Brown signs "Flösserweg" • 20 km • approx. 5 hrs

Sights

Discover the park's treasures and find some of the Jurapark Aargau's most thrilling experiences and interesting sights.

Dinosaurs and local heritage D3/A2

Experience the Jurapark Aargau's unique history when visiting the Dinosaur Museum in Frick or the Fricktal Museum in Rheinfelden. Fascinating exhibitions of times past are waiting for you.

Visitor Centre psi forum G2

The Paul Scherrer Institute PSI is the largest research centre for natural and engineering sciences in Switzerland. Experience research live in the interactive visitor centre. The exhibition is available in English.

Find further information and more sights and experiences on www.jurapark-aargau.ch

Herznach Mining Museum E4

The once largest iron mine in Switzerland is located in Herznach. Now a museum, it is known not only for its silo but also for its variety of fossils. Depending on the weather, there is the possibility of riding the tunnel train. The silo is now a Bed and Breakfast www.jurapark-aargau.ch/ueberrnachten

Historic Centre Laufenburg and Habsburg Dynasty E2

Laufenburg is connected to the earls of Habsburg-Laufenburg. Their once impressive castle has now crumbled to a ruin. Laufenburg's historic centre, however, is still well preserved. If you are interested in the history of the Habsburgs, we highly recommend visiting their principal residence: Habsburg Castle situated above the village of Habsburg.

Find further information and more sights and experiences on www.jurapark-aargau.ch

Foxtrail Jurapark D3

A famous dinosaur researcher is said to have disappeared in the Jurapark Aargau, allegedly searching for an unknown dinosaur species in the community of Frick. Now there is a possibility that he has become a victim of a crime. Go in search of Doctor Rex. Water enthusiasts will get their money's worth on this trail in every respect! www.jurapark-aargau.ch/foxtrail

Schenkenberg Ruin E4

The medieval castle of Schenkenberg was the residence of many noblemen and women until 1460. After that, it served as a bailiff's residence. Built from soft local Jurassic chalk, the building was prone to damage and began to decay after the 18th century.

Historic Roman Road F4

The Roman Road was the direct connection from Augusta Raurica to the Vindonissa legionary camp in Windisch. It was one of the first routes over the Bözberg, a local pass, and is so well preserved that it can still be hiked today. Find out more about Roman history by visiting the interactive Legionary Trail or the Vindonissa Museum in Windisch/Brugg.

Viewpoints

We recommend three marvellous viewpoints. On your way through the park, you will find many more hidden gems with spectacular views.

Cheisacher Tower F3

Enjoy a fantastic 360-degree panoramic view from the Cheisacher Tower at an altitude of almost 700 metres with views of the Jura, the Alps and the nearby Black Forest. The area also offers some great hiking trails.

The Lime Tree of Linn F4

The mighty 800-year-old Lime Tree of Linn is one of the oldest trees in Switzerland. It is not only a viewpoint and popular photo spot but also the starting point for various walks.

Wasserflue C4

The Wasserflue awaits you at 800 metres above sea level with amazing views of the region, the Alps and the Black Forest. Situated directly above Aarau, the Wasserflue is easily accessible from various starting points all year round.

Nature's treasures

The Jurapark Aargau is home to 425 plant and animal species of national significance. Discover them on your way through the park.

Vineyards

Although the Jurapark Aargau region is not the most famous wine region in Switzerland, the history of wine production started long ago with the Romans. Take a relaxing stroll through the vineyards of Schinznach, Aargau's most prominent wine-growing village. Follow the signs "Rebelpfad". Insider tip: When walking the Raftmen's Trail from Stilli to Hottwil, you will cross a beautiful landscape full of vineyards and pass one of the four Roman vineyards.

The pine forests of the "Nätte-/Hesseberg" E3

Pine forests can be found all over the park. Between Effingen and Bözen you will find two of them housing rare orchids and insects. We recommend visiting in autumn when the beautiful gentians are blooming.

Find further information on www.jurapark-aargau.ch/natur

Wildlife: Midwife toads, bats and the chamois D4/G3

Chances are that you may encounter some of these animals in the Jurapark Aargau. The rare midwife toad is likely to be heard at the "Wittelweiher". Ponds in Oberhof, while the chamois likes to graze in the "Geissberg" area in Villigen. Bat colonies can be found throughout the park.

"Aue" forest and floodplain F5

Two highlights of the "Aue" landscape between Aarau and Wildegg are the fish-friendly connecting waters and a 1800 meter floodplain. Many parts of the area are accessible and, with a bit of luck, you might even meet a beaver along the way. Learn more about the Jurapark's diverse habitats at the Naturama Nature Museum in Aarau.

Find further information on www.jurapark-aargau.ch/velos or www.veloland.ch

Cycling

Experiencing the Jurapark Aargau's hilly landscape by bike is a great way to discover many attraction in little time. For those who prefer a more leisurely ride, we recommend cycling along the rivers Rhine or Aare.

Tiersteinberg Mountainbike Trail D3

This mountain bike route is a special gem. The ride is a guaranteed pleasure all year round, but is particularly recommended in spring and autumn. With hot weather, the route's stages in the forest parts are pleasantly refreshing.

E-bike Plaisir Route A2

A comfortable cycling route through the picturesque Jurapark landscape. Start the circular route wherever you fancy. Highlight along the way: the "Aue" forest and floodplain between Rheinfelden and Wallbach.

La Route Verte H1/A4

The 7 stages of the La Route Verte e-bike route connect all six regional nature parks in the Jura area. Discover various Swiss landscapes on the route from Schaffhausen to Geneva.

Flavours of the Jurapark Aargau

Have you given the tasty vinegars, the flavourful dried fruit or the savoury wines produced in the Jurapark Aargau a try? To top off your experience in the park, we recommend a regional meal in one of our "Genuss-Strasse" restaurants or a picnic with regional products.

"Genuss-Strasse": Culinary Route

The "Genuss-Strasse" is a culinary route which connects innovative producers, wineries, restaurants and local village stores.

"Genuss-Scheine": Culinary vouchers

"Genuss-Scheine" are vouchers with a cash value of 10, 20 or 50 CHF. You can cash them in with almost all "Genuss-Strasse" members. Buy them online on shop.jurapark-aargau.ch

Find more specific information on www.genussstrasse.ch

Certified Jurapark products

The label "Jurapark Aargau – regio.garantie" certifies a regional product as being produced and processed in the Jurapark Aargau. You can buy labelled products directly from the producer (📍), in the Jurapark onlineshop, at regional Coop or Volg stores and at the village shops of the "Genuss-Strasse":

Winter

We invite you to experience the Jurapark Aargau's little winter wonderland. Discover winter hiking trails and four thermal baths nearby.

Gisliflue Ridge E4

The path leads through the snow-covered Jura mountains from the Stafflegg to the Gisliflue. Winter hikers can expect a panoramic view over the Jura, the Alps and the Black Forest.

Thermal and saltwater baths

After your winter experience, warm up and relax at one of the thermal and saltwater baths in the vicinity of the park. Bad Schinznach, Bad Zurzach, Fortyseven in Baden and the sole uno saltwater baths will end your regional outing blissfully.

Jurapark Etiquette

Thank you ...

- ... for respecting my harvest!**
Fruit trees and fields provide income for farmers. Please do not help yourself at their expense – wild harvesting is theft!
- ... for staying on the path!**
Meadows and pastures are the habitat of many insects and birds as well as fodder for farm animals. Show respect and therefore stay on the path.
- ... for taking your trash home!**
Litter on the roadside and in pastures contaminates the fodder of the animals and can even kill. Therefore, take your waste with you.
- ... for keeping your dog on a leash!**
Free-roaming dogs are a danger to resting fawns and other wildlife. Please keep your dog on a leash so as not to disturb them unnecessarily – wasting this energy, endangers their lives.
- ... not disturbing me at night!**
Light and noise disturb nocturnal animals. And like humans, animals which are active during the day also need their rest periods. Let nature rule the night.
- ... for travelling by public transport!**
For a sustainable future, you can travel environmentally friendly by using public transport. Every destination, hiking trail or excursion in the Jurapark Aargau can be reached by public transport (Postauto).
